I N S T R U C T I O N S

The period from Monday, April 11 through Friday, April [illegible] has been set aside for Registration.

Please read the following instructions carefully so that you will understand how to register for next semester and note that the instructions are divided into four sections. The four sections will help you complete the registration process successfully.

I. Registration Form
II. Schedule Books
III. How to fill out your registration forms
IV. Miscellaneous Information

I. Registration Form

1. Registration Forms with Alternate Course Request

Each student is given a form on which to register so he/she may have the option of utilizing up to 2 alternate choice requests.

2. Free Time Request Form

1. These forms are again being used this semester so that students may indicate particular hours during which they do not wish classes to be scheduled. [illegible] deadline. This means that they must be completed carefully -- no erasures, no stray marks, no folds, etc.. This ensures that the information can be interpreted. It is essential that a No. 2 pencil be used to fill in the slots corresponding to the times and days of the week during which you DO NOT want classes scheduled. Please try to use extra care with these forms.

   Use of these forms may limit your chances of obtaining a full schedule. They do not enhance your chances of receiving the section that you request. They do, however, limit your ability to obtain a course because you will not be assigned to sections that meet at hours from which you have exempted yourself .

II. 1. Semester Schedule Booklets

A list of courses that will be offered in the Spring 1973 semester. You should choose your program for next semester from this booklet in consultation with your advisor.

2. Adderda

A list of changes made to the semester schedule booklet.

3. University Course Listing

This is the complete listing with descriptions of the courses and [illegible]

19.00	= 7:00 p.m.
20.15	= 8:15 p.m.

When to Obtain Your Registration Forms

1. CAS students must obtain their forms from their major department. Undecided students should report to the office of Academic Support Services (see P.VIII for instructions)

2. CM students can obtain their forms at their major department.

3. CPCS students may obtain their forms in Room 406A Park Square.

4. Nursing and Education majors may obtain their forms at their major department.

Return Cards to the Proper Office by April 11, 1983

CAS students return cards to the Registration & Records Office, Harbor Campus
CM students return cards to the Registration & Records Offfice, Harbor Campus
CPCS students return cards to the office of Academic Affairs, Rm. 406A
Students at the Huntington campus may return their forms to room 635 in the Tower Building.

How to Fill Out Your Registration Forms

1. Be sure that all numbers are penciled neatly and completely. Double check to see that entries are accurate. If a number is incorrect or illegible or not blocked in totally, the entire transaction will be invalidated.

2. Use the 6 digit schedule number assigned to the specific section at the specific time you wish to take the course (see example 1 below).

DEPT.	COURSE SECTION	SCHEDULE NUMBER	TITLE MEETING TIMES	BLDG. FLR RM.	CR	INSTRUCTOR
P-H-I-L-O-S-O-P-H-Y						Example 1

	7	146343	MWF 10.30	1-1-054		Andic

3. When registering for a course with 2 or more parts (lec., lab.) be sure to include all parts or you will arbitrarily be assigned the missing portions (see example 2 below)

DEPT.	COURSE SECTION	SCHEDULE NUMBER	TITLE MEETING TIMES	BLDG. FLR RM.

Lab	1	069119	Tu 9.30-12.30			

4. Alternate Choice

Some choices are listed with the notation 'altetnate choice advised'. This is used for courses which in the past have been consistently overrolled. This does not mean you cannot request one of these courses, only that you would be well advised to consider making an alternate choice along with this request. It would also be helpful to use the 2 alternate choices whether or not it is specifically advised as their use enhances a student's possibilities of obtaining courses. Alternates must be a different course -- not a different section of the same course. (see example 3). For example: Alternate 1 will be considered only if course request 1 cannot be scheduled. Similarly, alternate 2 will be considered only if course request 2 cannot be scheduled. Alternates are not transferrable from one choice to another.

After discussing your schedule with your advisor, have him/her sign the advance registration form. All forms should be signed by an advisor and returned to the proper office.

University of Massachusetts at Boston

Miscellaneous Information

1. All registration forms are processed at the same time. You have time between April 11-22 to consult with your advisor and to fill in your cards carefully. There is no advantage to getting your cards in early; just be sure to return them to the proper office.

2. Use #2 pencil for all forms.

3. The Hebrew College Exchange Program will again be offered for the [illegible] Credit for all courses will be accepted at UMB toward graduation. For further information contact Ellen Manganiello in the Registrar's Office.

INSTRUCTIONS

Using #2 pencil, fill in one block (minimum) for each COURSE or Specific SECTION. Up to three blocks may be needed if specific sections of a course with lecture, lab and/or discussion portions are stipulated. Confine marks to designated positions. Do overlap marked positions.

Blocks eight and nine may be used where the Schedule Booklet indicated "alternate choice advised" because of frequent over subscription. Otherwise regular choices can be entered in eight and nine.

If one of these forms cannot describe the particular configuration of your course choices, a second form with additional information may be filed.

Carry completed form to the Appropriate Office.

Please note that Mr. Smith does not want to be scheduled into any evening courses if the sections that he initially requested are filled. If you want to insure that you are not assigned times for courses that you will not accept, please take care in filling out the forms correctlt.

COLLEGE OF ARTS AND SCIENCES
COURSES LOAD POLICY

Students may enroll for no more than five (5) courses. After the first semester, however, students may take one (1) additional course under the following conditions:

(A). The student's overall grade point average is 3.0 (or above) or the grade point average for the previous full-time semester is 3.5 (or above).

AND

(B). Written permission is secured from those the Dean of the College has designated (Associate/Assistant Dean for Academic Studies).

IMPORTANT NOTICE FOR THE FALL 1983 SEMESTER

Registration for all students will be held from April 11-22.

All continuing degree students must register during this period or they will be assessed a $25.00 late registration fee.

N O T I C E

C.A.S. Writing Proficiency Requirement

All CAS students who entered as freshmen in the fall of 1978 or thereafter and all students who entered as transfers in the spring of 1979 or thereafter must meet a writing proficiency requirement. All these students must pass a writing proficiency exam or submit a satisfactory portfolio. Students must complete this requirement prior to earning 60 credits; students who transfer 60 or more credits must meet the requirement no later than the end of their first semster in residence. For sutdents who do not meet this requirement registration for courses will be invalid.

For more information about the CAS Writing Proficiency Examination and Core requirements see the following pages. If you have any questions contact the Office of Academic Support and Advising (020-3-625, ext. 8220).

NOTE: For new CAS Core Requirements see next page.

Advising during Registration for CAS Students

All students should see their advisors during the Registration. Period to discuss their programs of study and to have their forms signed.

Students who are ready to declare a major but have not yet done so must pick up declaration cards at the Registrar's Office. An advisor will be assigned by the major department.

All CAS students must plan their schedules and receive written approval of the schedule from a faculty advisor.

Students who have not declared majors will pick up registration materials directly from the Academic Support Office and will return their registration forms directly to that office, not the Registrar's Office.

All advising will take place in the 020 Lounge (third floor) according to the schedule below.

CAS STUDENTS
OLD REQUIREMENTS CORE I

Each student is required to take two semesters of writing, normally during the freshmen year. In addition, each student must take a distribution pattern consisting of twelve courses from among the following six areas.

A. Historical and cultural studies
B. Foreign language
C. Philosoph, the Arts, Literature
D. Mathematics, Computer Language, Statistics
E. Natural Sciences (Biology, Chemistry, Etc.)
F. Social and Behavioral Sciences (Psychology, Anthropology etc.)

In fulfilling the distribution pattern the student has several options:

A. Choosing two courses from each of the six areas
B. Choosing two or three courses from <u>at least</u> four areas. And one or two courses in other areas. As necessary, to bring the total to twelve.

No more than three courses may be allowed towards the core requirements in any one area. In the case of Foreign Languages, intermediate proficiency is satisfied either by examination (given by the department in question) or by successful completion of a foreign language course at the 200 level. Intermediate proficiency satisfies three of the twelve distribution courses. A student who does not achieve proficiency may offer only the courses taken in <u>one</u> foreign language in satisfaction of the distribution requirements.

OLD REQUIREMENTS CORE II

A. Two courses in wrting to be taken the freshman year. The requirement can be met by taking English 101 and 102.

B. Three courses in the social sciences of which at least one must be in History and one in another discipline (i.e. Psychology, Economics, Politics, Anthropology, Sociology)

C. Foreign Language: Two years (Introductory and intermediate level)

1. Students who demonstrate proficiency in foreign language at the intermediate level are exempt from the language requirements. (Foreign students whose native language is not English are also exempt from this requirement).

2. Students who have successfully completed two years of a foreign language in high school or who otherwise demonstrate elementary proficiency in foreign language can take two semesters of a foreign language at the intermediate level or two semesters or a foreign literature in translation (these courses are offered under the language departments). Please note that the classics dept. also offers literature courses in translation.

3. Students without previous training must begin a language at the elementary level. However, they can still substitute literature in translation courese for the intermediate level. (Students <u>with</u> previous training may, if they wish, also begin at the elementary level).

4. Students must take three semester courses in the Natural Sciences or in Math of which at least two courses must be taken in the same discipline, and at least one in a Natural Science.

THE NEW CORE CURRICULUM

The CAS Senate has established a Core Curriculum which will constitue and rationalize approximately one third of the student's total academic program, and complement the student's concentration in one field or discipline of study with a general, coherent exposure or introduction to the several areas and disciplines into which liberal learning is organized.

Liberal learning--the kind of learning that broadens awareness, deepens understanding, poses alternatives, and informs vital decisions--may be divided into seven broad categories each of which represents a way of understanding and evaluating the world. Sometimes these ways help or complement each other and sometimes they diverge from or question each other. We make a distinction between five core areas and two core disciplines. I. Historical and Cultural Studies concern the reconstruction and interpretation of human past and seek to understand the world even in non-literate cultures. II. Philosophical and Humanistic Studies focus on the analysis of concepts and values, social, ethical, religious, and cognitive, and interpret the world through the critical application of such concepts and values to experience. III. Social and Behavioral Sciences--such as anthropology, economics, psychology, politics, and sociology--analyse the world in terms of structures and processes of behavior, of social interaction and institutions. VI. Natural Sciences seek an experimental understanding and application of the laws that explain natural phenomena, and approach the human world through a study of its natural elements, sturctures and processes. V. The Arts approach the world through an awareness and use of forms of creative expression such as music, drama, literature, paintings, sculpture and architecture. The two Core Disciplines are Foreign Languages and Mathematic and Computer Languages. VI. Foreign Languages provide an understanding of human thought, feeling and culture through a study of the structures, meaning, functions, and development of speech; the study of a language not one's own improves mastery of one's own language and contributes eventually to the understaning of another culture. VII. Mathematics and Computer Languages exhibit self-enclosed symbolic systems whose analytic pleasures and practicial uses exten our sense of the nature and processes of human thought and the manageability of reality. All seven are components of a liveral education. One is not liberally educated without a basic sense of what they are, how they work, and how they may relate to each other.

NEW CORE CURRICULUM REQUIREMENTS

All students entering the College of Arts and Sciences in the Fall of 1979 and thereafter must meet the following requirements:

I. 1 year of Freshman Writing (or gain a waiver by Placement Examination)

II. 10 core courses selected from the following seven areas; in any <u>one</u> area, a student may count up to three courses, otherwise no more than two. 3 of the core courses must be at the intermediate level. (Core courses and core sections are designated by a "C" before the courses number, i.e., ANTH C102.)

Historical and Cultural Studies
Philosophical and Humanistic Studies
Social and Behavioral Sciences
Natural Sciences
The Arts
Mathematics and Computer Languages
Foreign Languages (Students electing first-semester courses must complete two semesters in the same language.)

Any one of the following patterns will satisfy the core requirement:

Seven areas	Six areas
2, 2, 2, 2, 2, 1, 1	2, 2, 2, 2, 2, 2
3, 2, 2, 2, 1, 1, 1	3, 2, 2, 2, 2, 1

A student who presents evidence through placement scores or transcripts of intermediate proficiency in a foreign language or of work equivalent to College Calculus (MATH 140, 141) may waive the foreign language or mathematics courses. Students granted a waiver in foreign languages or mathematics need take only 10 core courses in the remaining six areas, only 1 of which need be intermediate; students granted two waivers need take only 8 core courses in the remaining five areas, none of which need be intermediate.

III. All students must pass the Writing Proficiency examination or present a satisfactory portfolio of papers before the beginning of the Junior year (60 credits).

THE WRITING PROFICIENCY REQUIREMENT

Part of the Core Curriculum requirement is the demonstration of proficiency in writing. This must be done by the beginning of the junior year (at 60 credits). The requirement holds for all students who entered CAS as freshmen in September, 1978 or thereafter, or as transfer students who entered CAS in January 1979 or thereafter.

Proficiency may be demonstrated either by passage of a special examination or submission of a successful portfolio.

The Writing Proficiency Examination

The examination is given four times a year. Dates are posted in the MASS MEDIA and in the Office of Academic Support and Advising (2-3-625). A student may sign up a month in advance of the schedule date, and will receive the reading materials upon which the examination will be based. In order to pass the examination, the student must write an acceptable essay based on a question designed to elicit evidence of thorough understanding of the material read, as sell as the ability to synthesize the material, draw inferences, and construc a well-organized response in good English.

Note that the Writing Proficiency Examination is not the same as the English Placement Test which all students take upon entrance to the College. The two tests are very different in nature and purpose.

The Portfolio

The Portfolio offers an alternative method of demonstrating writing proficiency. It may be submitted at any of the scheduled Examination times. It consists of four papers, each at least five typewritten pages in length. Three of these are expository papers,written for courses, and based upon reading materials. The instructor's assignment and affirmation of originality must be included in each case. The fourth paper is a new one, written on a topic and a series of readings distributed by the Office of Academic Support and Advising.

Students who have not satisfied the Writing Proficiency requirement by the beginning of the junior year will have curtailed schedules until the requirement has been satisfied. Complete details of the regulations are available in the Office of Academic Support and Advising.

QUESTIONS AND ANSWERS ABOUT THE NEW CORE CURRICULUM

1) Q. Which core requirements do I have to meet?

A. If you entered UMB before Fall, 1979, you must meet the old College I or College II core requirements. If you entered UMB as a Freshman or Transfer student in the Fall of 1979 or after, you must meet the new CAS core requirements.

2) Q. I already know what I want to learn here. Why do I have to take a lot of courses that will be useless to me?

A. The CAS Senate, composed of both student and faculty representatives, approved the new core curriculum because they agreed that educated people must know about other areas of knowledge in addition to their own specialties. Many of the persistent human concerns and problems can be approached from a variety of viewpoints, and an understanding of these different ways of knowing should lead to an increase in tolerance and sensitivity to others. Such breadth of understanding should also encourage people to use complex and well-informed thinking in approaching problems and issues.

3) Q. Why is there a series of specifice courses, instead of a distribution requirement?

A. It was believed that the goals of the core could be best achieved by creating a core curriculum made up of a limited number of courses that were sepcially designed to introuduce entire disciplines and ways of knowing, and which were appropriate for non-majors (as well as majors in some cases). Core courses are also limited in size, and they offer special emphasis on the skills considered crucial for success at the University: writing, critical thinking, and math.

4) Q. How do I know which are the core courses?

A. Only courses or sections with C in front of the number are core courses (for example, Athro C102). At preregistration each semester a list of the core courses offered the next semester will be available.

5) Q. How many core courses do I have to take?

A. First, you need 2 semester of Freshman writing (Eng. 101 and 102). In addition, you will have to take 12 core courses selected from at least 6 of the 7 core areas (Historical and Cultural Studies, Philosophical and Humanistic Studies, Social and Behavioral Studies, Natural Sciences, The Arts, Mathematics and Computer Language, and Foreign Languages). For one area you can count up to 3 courses toward the core. For the rest, only 1 or 2 courses can be counted toward the core. Three core courses must be at the intermediate level (number 200 or above).

6) Q. Can I take <u>more</u> than 3 courses at the intermediate level?

A. Yes, but you must be sure to take at least three.

7. Q. Can I take any of these core courses Pass/Fail?

A. Yes, you may take one courses each semester Pass/Fail. Be sure to check with your major department, though, to find out whether the course can be counted toward your major.

8) Q. I am a transfer student. Do any of the courses from my previous college count toward the core?

A. When you were admitted you received a for from the Admissions Office which listed those courses which counted toward the core by area.

9) Q. I have just switched from CMPS (or CPCS). Can I count any of those courses toward the CAS core?

A. These courses are counted in the same way that other transfer credits are.

10) Q. I am a foreign student, and English is not my first language. Are there any differences in the core requirements for me?

A. No. The requirements are the same. You may, of course, demonstrate intermediate proficiency in your native language and waive two language course requirements.

11) Q. Can any of the core requirements be waived?

A. The writing requirements can be waived by passing an English Placement exam at the appropriate level. Two Foreign Language core courses can be waived if you can present evidence, in the form of placement scores or transcripts, that you have intermediate proficiency in a foreign language. Two Math core courses can be waived if you can prove that you have completed work equivalent to college calculus (Math C140, C141). You can do this through the math placement test or through courses work take eleswhere. The Writing Proficiency Examination <u>cannot</u> be waived.

12) Q. What if I do get a Math or Foreign Language waiver?

A. If you receive one waiver, you will only need to take 10 core courses and only 1 must be intermediate. If both Math and Foreign Language are waived, you only need to take 8 core courses, and none have to be intermediate. Simply think of your waiver as satisfying the requirement of two courses in one area.

13) Q. Can I take courses in 2 different languages to meet the Foreign Language requirement?

A. If you start a language at the introductory level you must do the equivalent of two semesters in order to get core credit. However, a course in any language will count toward the core requirement if it is at least at second semester level.

151 Q. Where can I get more information about the core curriculum?

A. Office of Academic Support and Advising - 0230/3/[illegible]

COLLEGE OF MANAGEMENT
(CM)

Registration Information

Please be advised:

1. Non-Management students may register for AF 210 and AF 211.

2. Except for AF 210 and AF 211, only College of Management students may register for CM courses.

3. Junior or Senior standing in CM is required of all students registering for 300 and 400 level CM courses.

Advising Information for College of Management Students

1. All students should see an academic advisor during Advance Registration to plan their programs.

2. The Office of Student Services (020/3/414) will be open 9:00 a.m. - 6:30 p.m. Monday - Thursday and until 5:00 p.m. on Fridays during Advanced Registration April 11 - 22, 1983.

3. Advisor Assignments:

   (a) Students seeking the UMB degree who have earned 60 credits and who have declared a concentration have been assigned advisors. These students should see their advisors to plan their program before or during Advanced Registration April 11 - 22.

   (b) Lower division students (with less than 60 credits) will receive advising in the Office of Student Services during Advanced Registration.

   (c) Former Boston State students seeking a degree from that institution will receive advising in the Office of Student Services during Advanced Registration.

OFF-CAMPUS COURSES

Classes Begin September 12

Courses given at off-campus sites are conducted through the Division of Continuing Education and supported by student course fees. They are equivalent in method and content to courses given on campus. There are no restrictions on the number of courses a matriculated student may take through Continuing Education.

Registration

A student may register in person, by mail, or by telephone (with MasterCard or VISA).

To register for an off-campus course, a student must fill out a Continuing Education Registration Form.

Walk-In Registration	Dates
Office of Registration and Records Harbor Campus	August 1 - September 5
Braintree High School	September 7 & 8
Hingham High School	September 6 & 7
Jackson-Mann Community School Allston	September 7
Medford Community Education	September 6 & 8
West Roxbury Community High School	September 6 & 8

Mail-in Registration

To register by mail, a student must submit a Continuing Education Registration Form with payment in check, money order, or MasterCard or VISA information to:

Office of Registration and Records
University of Massachusetts at Boston
Continuing Education Programs
Harbor Campus
Boston, MA 02125

Fees and Payments

Course Fees

Undergraduate	$47.50 per credit
Graduate	$60.00 per credit
Registration Fee	$10.00
Late Registration Fee	$20.00

Students must pay in full before their registration will be accepted. Students receiving financial aid should contact the Office of Student Financial Management in regard to applying their awards to Continuing Education courses.

Refunds

A student who withdraws for a course will be granted a refund according to the schedule below:

Withdrawal before the first scheduled meeting	100%
Withdrawal within the first two weeks of semester	80%
Withdrawal during third week	60%
Withdrawal during fourth week	40%
Withdrawal during fifth week	20%
Withdrawal after fifth week	No Refund

The student must in all cases initiate the refund procedure by notifying the Office of Registration and Records.

Summer courses offered through the Division of Continuing Education are listed in a separate bulletin available in the Office of Registration and Records and in the Continuing Education Office at either the Harbor or Huntington Avenue Campus.
